

NET Health operates the Immunizations Clinic at 815 North Broadway in Tyler.

Necessary immunizations will require that parents remember the following:

- ❖ Children who are on Medicaid and CHIP will need their parents to present their cards at the time of service and there is no charge for the vaccine. Those who do not have any form of insurance will be assessed a \$13.00 administration fee per vaccine at the time of service.

When services are provided outside of our clinic, payment can be made only by check or in cash.

- ❖ We can file on Blue Cross Blue Shield, Cigna, Aetna, and United Health Care.
- ❖ We are unable to give the Texas Vaccines For Children (TVFC) vaccines to insured children. To get their insurance verified, parents need to contact our office **BEFORE** the vaccination date.

We will not verify insurance at the time of service.

To receive TVFC immunizations, you must meet the following eligibility criteria:

- Is an American Indian or an Alaskan Native, or
- Is a patient who receives benefits from Children's Health Insurance Plan (CHIP), or
- Is enrolled in Medicaid, or does not have health insurance (Uninsured), or
- Is underinsured, which can be determined if the child's insurance:
 - a. does not cover any ACIP-recommended vaccines,
 - b. covers only selected ACIP-recommended vaccines (underinsured for vaccines not covered)
 - c. does not provide first-dollar coverage for ACIP-recommended vaccines

Children covered by any other private insurance company can receive vaccines at these prices:

TDap = \$70.00 MCV4 = \$130.00 Varicella = \$195.00 MMR = \$110.00 Hepatitis B = \$80.00
