TX Health & Safety Code Chapter 437; TX Health & Safety Code Chapter 121; NET Health District Order 2023-1

A “single event or celebration” occurs at one location once a month or less frequently. Events or activities that occur daily, weekly, or more frequently than once a month at a location are considered continuous operations and do not constitute a “single event or celebration”.

An activity must be recognized as a “single event or celebration” by the NET Health before a food vendor may apply to set up for the event. A Temporary Food Establishment may operate only in conjunction with a “single event or celebration” at a fixed location for a period of time not to exceed fourteen (14) consecutive days.

The Event Coordinator is responsible for crowd control, confirming application submittal of vendors, trash control, management of utilities, access to toilet facilities and traffic control. Coordinator Applications should be submitted 30 days prior to a “single event or celebration” to allow time for proper communication ahead of the event. Coordinator Applications submitted within 2 two weeks of the event are subject to late fees being assessed for expedited processing of paperwork.

A diagram of the layout of the event and identification of items 6 through 15 must be submitted with the application.

Please contact your City or County as other permits approval or required.

Name of Event: __________________________________________________________

2. Location of Event: ___________________________________________________

Name of Facility

_________________________ _______________________
Street Address City Zip
